

# NCIT 2022

## International Conference on Networks, Communication and Information Technology

### CALL FOR PAPERS

#### TOPICS

##### Networks

Smart and Cooperative Networks  
Quality of Experience (QoE)...

##### Communication

Wireless Communications  
Multihop Communications...

##### Information Technology

Computer Simulation  
Programming Languages...

#### About NCIT

The primary goal of the conference is to promote research and developmental activities in Network Communication and Information Technology, another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working all around the world. The conference will be held every year to make it an ideal platform for people to share views and experiences in related areas.

#### Publication and Index

All accepted papers will be published in VDE Verlag GmbH, which will be included in the IEEE Xplore digital library and submitted for indexing by Ei Compendex, Scopus, CNKI, etc.

Conference Dates:

November 5-7, 2022
